

YOU DID IT.

Because of you, we closed December — and 2024 — with incredible news. We set out to bring clean water to 50,000 people, and you went above and beyond. X of you came forward to fund clean water for **72,000 people** in just one month.

And **that's not all.**

Thanks to a generous family committed to showing the power of giving, every donation from the first \$1 million raised on our website was tripled. Together, this incredible effort helped bring clean, safe water to a grand total of **xxx,xxx people**.

And **that's still not all.**

This past year, your support propelled us past a major milestone: **20 million people** will have access to clean and safe water. That's 20 million lives transformed through your generosity since 2006.

Behind every massive number:

50,000 people in December

XM people in 2024

20M people over the past 18 years

is a story of hope, resilience, and the unstoppable power of generosity. It's a reminder that when we unite for clean water, the results are nothing short of extraordinary.

Thank you for making **2024 unforgettable.**

Because of you, clean water — and the opportunities it creates — is reaching more people than ever before. We are so grateful for your support and can't wait to see what we accomplish together in 2025.
